Thanks Dave.

Glad to see the light at the end of the tunnel on this one. It has been an intense effort coordinating the technical, managerial/policy, and legal issues across two agencies and three different organizational entities.

Lynda,

Thanks for your great coordination work with Region 10, OGC, NOAA and others I'm sure in this major decision.

Appreciate your good communications of the external message.

FYI final roll-out plan for this week's disapproval of Oregon's program. Mostly a reference for you however want to call your attention to this much-negotiated language which captures how NOAAEPA will respond to inquiries about financial penalties:

Under Sec. 6217 of the Coastal Zone Act Reauthorization Amendments (CZARA), this decision provides for NOAA and EPA to withhold a portion of the funds the State receives under Section 306 of the Coastal Zone Management Act and Section 319 of the Clean Water Act. **Ex. 5 - Deliberative**

Ex. 5 - Deliberative

Let me know if any questions.

All--

Please see attached for the final rollout plan, key messages, and Q&A regarding NOAA and EPA's decision to

disapprove Oregon's Coastal Nonpoint Program. A few adjustments were made to make sure our discussion of the penalties and how we talk about the action we're taking aligns with statements made in other documents.

The first key message was also adjusted a bit based on feedback from NOAA folks downtown.

All--

In prep for tomorrow's coordination call on the rollout of NOAA and EPA's joint decision on Oregon's Coastal Nonpoint Program (CZARA), I wanted to send along an updated rollout plan (attached).

During the coordination call tomorrow I hope we can go over the following to make sure we're all on the same page and confirm who has lead and who should be involved in each activity:

1. Press release/timing/coordination with state?
2. Hill notification/briefing/timing
3. Update on other rollout activities (notify state, FRN publication, etc)
